**AJAY KUMAR GULATI**

General Manager  
Messe Düsseldorf India Pvt. Ltd.

It is a privilege to welcome you to the 31<sup>st</sup> edition of Medical Fair India, a journey that began over three decades ago and has today evolved into the nation's most trusted platform for medical and healthcare innovation. This year, our event arrives at a pivotal moment for the industry. With the Government of India earmarking a significant 11 percent increase in the Union Budget for FY 2025–26 for the healthcare sector, we are witnessing an era of unprecedented growth, digitalisation and accessibility. This financial commitment signals a new dawn for hospital infrastructure and medical research, and Medical Fair India is proud to be the primary stage where this progress is showcased.

The scale of this edition is a true reflection of that momentum. Spanning 15,000 square metres of exhibit area, we are hosting over 500 exhibiting brands from more than 14 countries. We are also honored to welcome a high-level Delegation and Visitors from around the world. This international synergy is further highlighted by our four dedicated country pavilions representing China, the Republic of Korea, Taiwan, and the United States of America.

The show is designed to be a holistic healthcare ecosystem rather than just a traditional trade fair. Central to this vision is the Make in India Pavilion, supported by AiMeD (Association of Indian Medical Device Industry), which showcases the rising manufacturing strength of the Indian medical device industry. This is complemented by the Clin Lab – Diagnostica Pavilion, focusing on the critical role of In Vitro Diagnostics, and RehaIndia, powered by RehaCare, which addresses the essential rehabilitation and care segments. Furthermore, we continue to drive the digital frontier with FTR4H (Future For Health), our dedicated platform for digital health technology and startups.

We are particularly excited to debut the Healthcare Leadership & Nursing Excellence Summit on Day 3, a new initiative focusing on the human pillar of healthcare—our nursing and administrative leaders—alongside established programs like the Voice of Healthcare conference, ClinLab India Conference and the MT India Healthcare Awards. This event is a testament to the collaborative spirit of the exhibitors and thousands of visitors joining us this year.

I extend my deepest gratitude to our institutional partners, advisory committee members, international participants, and dedicated exhibitors for making this landmark edition possible. I wish you all a highly successful and inspiring experience as you explore the innovations that will define the next decade of healthcare.

**Ajay Kumar Gulati**

### **RAJIV NATH**

Managing Director of Hindustan Syringes & Medical Devices Ltd., Forum Coordinator at AiMeD (Association of Indian Medical Device Industry) and Chairman of the Advisory Committee for Medical Fair India 2026

Shares his perspective on the strong platform created by the trade fair,

"Initiatives such as Make in India and Atmanirbhar Bharat Abhiyaan, envisioned by Prime Minister Shri Narendra Modi, are providing a significant boost to domestic medical device manufacturing. Medical Fair India continues to play a vital role in fostering collaboration and innovation across the industry. In 2026, the event is marking the ninth consecutive edition of the Make in India Pavilion, supported by AiMeD, showcasing indigenous innovations that are helping shape the future of Indian healthcare."

I extend my heartfelt congratulations to all participants and express my sincere appreciation to the Messe Düsseldorf India team for their valuable contribution to the establishment and growth of India's medical and healthcare industry. I also wish to share that a high-level German delegation, led by the Mayor of Düsseldorf, Dr. Stephan Keller, has been invited to attend the event.

I commend Messe Düsseldorf India for its sustained efforts in creating a meaningful platform that brings together national and international stakeholders, fostering collaboration, innovation, and knowledge exchange across the medical and healthcare manufacturing ecosystem. I wish Medical Fair India 2026 every success and congratulate all participants for their continued contribution towards strengthening India's position in the global healthcare landscape

**Rajiv Nath**

**RAMA VENUGOPAL**

Vice Chair – Clin Lab India Conference 2026  
Medical Fair India

**Join the Conversation: Building Diagnostic Resilience: Strengthening India's Supply Chain**

Dear Industry Leaders from Medical Manufacturing,

As Vice Chair of the 7th Edition of Clin Lab India Conference 2026, I extend a warm invitation to you and your organization to participate in a crucial dialogue that will shape the future of Medical Manufacturing in the country.

The global medical device and diagnostics manufacturing sector is undergoing a profound transformation. Post-pandemic supply chain shocks, rising geopolitical trade tensions, evolving disease profiles, and heightened regulatory expectations have collectively underscored one undeniable reality: **resilient, localized, and technology-driven medical manufacturing is no longer optional—it is essential for public health security.**

The COVID-19 pandemic exposed critical vulnerabilities in global supply chains, particularly for medical devices, diagnostics, and essential healthcare inputs. At the same time, rising non-communicable diseases, emerging infections, and changing healthcare delivery models are placing unprecedented demand on reliable, scalable, and quality-assured medical products. These global shifts present not only challenges, but also a **defining opportunity for India.**

India is uniquely positioned to emerge as a **global hub for medical manufacturing and innovation**—serving both domestic healthcare needs and international markets. With its growing manufacturing capabilities, expanding innovation ecosystem, skilled scientific workforce, and strong entrepreneurial base, India has the potential to become a trusted partner in strengthening global healthcare supply chains.

Medical Fair India plays a critical role in enabling this transformation. As a comprehensive **medical manufacturing and market-access platform**, it brings together manufacturers, technology providers, policymakers, regulators, buyers, and ancillary ecosystem partners from across the value chain. The platform facilitates meaningful engagement between domestic and international stakeholders, enabling partnerships, technology exchange, and access to new markets.

Equally important is India's progress in building **robust regulatory frameworks aligned with global standards**, ensuring quality, safety, and compliance across medical products. As the industry advances, there is also a growing responsibility to focus on **sustainable healthcare solutions**, green manufacturing practices, and environmentally responsible innovation—areas where India can lead by example.

Medical manufacturing is not limited to finished products alone. It is deeply dependent on a strong ecosystem of **raw material suppliers, component manufacturers, engineering partners, testing and calibration labs, packaging providers, and logistics enablers**. Medical Fair India serves as a unifying platform that recognizes and welcomes the full spectrum of stakeholders who contribute to value-based medical manufacturing.

On behalf of the Clin Lab India Conference, I warmly invite all stakeholders—manufacturers, innovators, supply chain partners, policymakers, regulators, and global collaborators—to participate in Medical Fair India and be part of this collective journey toward resilient, sustainable, and globally competitive medical manufacturing.

I encourage you to explore our conference website for more information on the agenda, speakers, and registration details:

<https://www.medicalfair-india.com/special-shows-clin-lab-india>

I wish **Medical Fair India 2026**, scheduled from **29th to 31st January 2026**, every success and look forward to the impactful collaborations and outcomes that will emerge from this important platform.

Looking forward to welcoming you to this vital conversation.

Sincerely,

**Rama Venugopal**

Vice Chair – Clin Lab India Conference 2026

### DR. NISHCHAL NAVEEN

Founder

Voice of Healthcare

I am delighted to extend my heartfelt congratulations and warm wishes to Messe Düsseldorf India for the upcoming **Medical Fair India (29th–31st January 2026)**. This premier event has consistently served as a cornerstone for innovation, collaboration, and excellence within the healthcare sector.

As one of the most anticipated trade fairs in the healthcare industry, I am confident that this year's event, set to take place at **Bharat Mandapam, New Delhi**, will reach new heights of success and innovation.

In conjunction with this landmark event, **Voice of Healthcare (VOH)**, a unit of **VOH Mediatech**, is honored to convene its **10th International Healthcare Conference on 29th January 2026**, at the same event and venue. **VOH Mediatech (a DPIIT-registered startup)** is a leading impact-driven communication and collaboration engine in healthcare. We amplify voices, ideas, innovations, policies, and breakthroughs that are shaping the future of health systems and patient care, with the explicit aim of improving lives and outcomes. This conference will bring together some of the most influential minds in healthcare to discuss, deliberate, and drive transformative changes in the industry.

We warmly invite all stakeholders to join us alongside renowned healthcare leaders and distinguished delegates as we collectively strive to ignite new breakthroughs and foster meaningful collaborations.

We look forward to welcoming you to this exceptional event and hope it will serve as a platform for inspiring ideas, partnerships, and progress.

Wishing **Medical Fair India** and the **10th International Healthcare Conference** immense success!

**Dr. Nishchal Naveen**

Founder

Voice of Healthcare

### MARK WÄCHTER

Chief Evangelist  
FTR4H

The Future for Health Society (FTR4H) is a proud experience of Medical Fair India. Our 9th edition focusses on showcasing best-in-breed digital health solutions for navigating tomorrow's healthcare. In a 3-days conference and lounge set-up, we cover themes like

- **Responsible AI in Healthcare - Innovate with Integrity:**
  - AI for Affordable and Accessible Healthcare
  - India's Vision 2047: Future Ready Hospitals
  - Trust by Design: Responsible AI & Cybersecurity in Healthcare
- **Where Innovation Meets Capital – Meet VCs, angel investors & global health-tech disruptors:**
  - German Indian Cross-Border HealthTech-Startup Innovation Highway
  - Status of the HealthTech Start-up Funding Ecosystem
  - Scaling Startups, Accelerating Growth – Learn from top incubators & accelerators
  - FTR4H India Start-up Award 2026 – Pitch, win, and land on the global stage at MEDICA 2026, Germany
- **Fireside Chats with Industry's Who's Who – Engage with top CXOs, policymakers, & global thought leaders**
- **Incredible Women in HealthTech – Game-changing AI, MedTech, and Digital Therapeutics led by women innovators**

Your current and future success depends upon your ability to rapidly scale and embed transformative technology across your health organization. Are you ready to harness the true potential of technologies like AI, Digital Twins, Robotics, Wearables to help the world live better? Visit us during the 31st International Exhibition & Conference in Bharat Mandapam, New Delhi.

Best wishes to the organizing team from Messe Düsseldorf India for a successful show!

### Mark Wächter

Chief Evangelist  
FTR4H

### **JATIN MAHAJAN**

Chairman – Clinlab India Conference

Advisor – Medical Fair India

President – Association of Diagnostics Manufacturers of India (ADMI)

Managing Director – J Mitra & Company

Medical Fair India (MFI) has grown into a strong meeting ground for healthcare leaders, manufacturers, and global policy drivers. It is not just an exhibition. It is a working platform where ideas turn into actions, and partnerships turn into progress. Every edition adds new energy to India's healthcare journey.

Our sector is moving fast. New tools, better systems, and bold ideas are changing how care is delivered. Diagnostics, digital health, smart labs, and data-led decisions are now at the heart of good healthcare. India is no longer only a consumption market - it is a manufacturing, innovating, global partner. Medical Fair India gives us the stage to showcase this strength to the entire world.

The 2026 edition in New Delhi will welcome participants from many countries, bringing together voices that matter. With platforms like Clinlab India, Smart Hospital, AiMeD Pavilion, RehalIndia, and more, the show speaks to every stakeholder of the healthcare chain. Each section is built to create value through learning, business, and real connection.

As Chairman of Clinlab India, I see diagnostics as the backbone of modern care. Early testing, fast results, and accurate data save lives. In recent years, we have seen strong growth in point-of-care testing, automation, and lab science. These are not trends; they are now the basic needs of a robust healthcare ecosystem. Clinlab India will bring this focus to the front, with clear talk, real products, and strong partnerships.

Medical Fair India is where people meet to build, not just to talk. It is where new paths are drawn for Indian and global healthcare.

I invite you to be part of Medical Fair India 2026, scheduled for 29–31 January in New Delhi. Come to learn. Come to lead. Catalyse what comes next and help shape the future.

### **Jatin Mahajan**

### **MD. AFZAL KAMAL**

Editor, Chairman, Editor-Medgate Today Magazine  
Chariman- MT India Healthcare Awards  
Advisory Committee Member Medical Fair India

Warm congratulations from MedGate Today on the successful milestone of the 30th Edition of Medical Fair India, India's No.1 and most trusted medical exhibition.

Over the years, Medical Fair India has played a pivotal role in bringing together doctors, hospital leaders, CEOs, supply chain professionals, and healthcare innovators under one powerful platform. As a long-standing partner, MedGate Today takes pride in being associated with this iconic event that consistently drives meaningful engagement and progress within the healthcare ecosystem.

Our continued collaboration—ranging from knowledge exchange, industry networking, and thought leadership initiatives, to conferences such as the Nursing Leadership Excellence Conference—reflects a shared commitment to strengthening India's healthcare infrastructure and human capital.

The synergy of India's leading medical exhibition and a globally respected healthcare magazine like MedGate Today is set to create a strong ripple effect across the healthcare industry—fostering innovation, collaboration, and sustainable growth.

We congratulate the entire Medical Fair India team on this remarkable achievement and look forward to many more years of impactful partnership and collective success.

**Md. Afzal Kamal**

### **DR. MINNIE BODHANWALA**

Advisory Member  
Medical Fair India

India's healthcare and medical technology landscape is evolving at an unprecedented pace, driven by innovation, rising clinical demands, and strong national initiatives that aim to build a self-reliant and globally competitive sector. Platforms like Medical Fair India continue to play a transformative role by bringing together policymakers, global industry leaders, clinicians, innovators, and manufacturing excellence under one roof.

As an Advisory Member, I am proud to support an event that consistently strengthens India's position in the global medical ecosystem. The commitment to showcasing indigenous solutions, fostering international collaborations, and advancing quality standards perfectly aligns with India's vision of 'Make in India' and 'Atmanirbhar Bharat'. The participation of leading organisations and countries reaffirms the global confidence in India's healthcare growth trajectory.

I commend Messe Düsseldorf India for its sustained efforts in creating this valuable platform for meaningful engagement, knowledge exchange, and industry advancement. I extend my sincere appreciation to all exhibitors, delegates, and partners whose contributions will continue to shape the future of healthcare innovation in India.

Wishing everyone a highly successful and impactful edition of Medical Fair India.

### **Dr. Minnie Bodhanwala**

Advisory Member, Medical Fair India

**PRAVEEN KUMAR MITTAL**

(Executive Director, EPCMD-India)

India's medical devices and healthcare sector has seen rapid advancement over the past decade, supported by growing domestic demand, technological progress, policy reforms, and expanding global opportunities. Focused efforts by the Government of India to strengthen manufacturing and exports, including the creation of the Export Promotion Council for Medical Devices (EPCMD-India) and the reconstitution of the National Medical Devices Promotion Council, have provided a strong institutional framework for industry growth. As the apex export promotion body for the medical devices sector, EPCMD-India works closely with the Government and industry to enhance global market access, while supporting Indian manufacturers through export facilitation, international outreach, and strategic trade engagement.

National initiatives such as Make in India and Atmanirbhar Bharat Abhiyaan, envisioned by Hon'ble Prime Minister Shri Narendra Modi ji, have further accelerated indigenous manufacturing and innovation. Industry platforms like Medical Fair India, organized by Messe Düsseldorf India, play a pivotal role in enabling collaboration, showcasing Indian capabilities, and facilitating engagement with international stakeholders.

I commend Messe Düsseldorf India for its sustained efforts in creating a credible and impactful platform for the medical and healthcare manufacturing industry and extend my best wishes to all participants.

**Praveen Kumar Mittal**

(Executive Director, EPCMD-India)

### **DR. VIJAY AGARWAL**

President  
Consortium of Accredited Healthcare Organisations (CAHO)  
India

India has emerged as one of the fastest-growing healthcare and medical technology ecosystems globally, driven by rising healthcare needs, rapid technological advancement, and an enabling policy environment. Over the past decade, the sector has witnessed significant growth, positioning India as an important contributor to global healthcare solutions.

The Union Government's sustained initiatives to strengthen the medical devices ecosystem—through export promotion, industry collaboration, and institutional support—along with flagship programs such as Make in India and Atmanirbhar Bharat Abhiyaan envisioned by Hon'ble Prime Minister Shri Narendra Modi, have provided a strong impetus to indigenous manufacturing, innovation, and global competitiveness.

In this context, Medical Fair India serves as a vital platform bringing together policymakers, manufacturers, healthcare providers, and technology innovators to foster collaboration and shape the future of healthcare. The continued presence of the Make in India Pavilion, supported by AiMeD, along with strong international participation, reflects India's growing capabilities and global confidence.

It gives me great pleasure that CAHO is associated with Medical Fair India 2026 as a Knowledge Partner. At CAHO, we firmly believe that sustainable growth of the healthcare and medical technology sector must be anchored in quality, patient safety, ethics, and systems thinking. Through this partnership, we look forward to contributing to meaningful dialogue, knowledge exchange, and capacity building that bridges innovation with safe, effective, and patient-centered care.

I commend Messe Düsseldorf India for their consistent efforts in creating a world-class platform through Medical Fair India and extend my best wishes to all participants for a successful and impactful event.

# WHERE PRECISION MEETS MEDICAL INNOVATION

BAMC Medical Park A state-of-the-art medical device manufacturing ecosystem, built to global quality, safety, and regulatory standards. BAMC Medical Park, anchored by BAMC Medical Limited, brings together specialized medical equipment manufacturers within one integrated industrial hub.

All manufacturing units operate in alignment with ISO-certified quality management systems, comply with CDSCO regulations, and meet applicable BIS standards—ensuring safe, reliable, and globally compliant medical devices. Designed for OEM and ODM partnerships, BAMC Medical Park offers end-to-end capabilities—from product design and engineering to manufacturing, testing, branding, and global supply. Proudly supporting the Make in India initiative, BAMC Medical Park reflects India's growing leadership in advanced medical technology manufacturing."

# Program Agenda

Date : January 30, 2026, Friday  
10 00 am - 05 00 pm

Page 1

09:00AM – 10:00AM

Delegate Registration

10:00 AM – 10:10 AM

## Welcome Note

**Shri Jatin Mahajan**

Chairperson - Clin Lab India Conference 2026 &

President, Association of Diagnostics Manufacturers of India (ADMI)

## Panel 1 - Upstream Independence: Localizing Critical Inputs

10:15 AM – 11:15 AM

### Panel Discussion :

"From Molecule to Machine: Building India's Core IVD Input Ecosystem"

Topics: Enzymes, Antibodies, Plastics, Microfluidics, Sensors, CDMOs, Testing Labs, Global Case Studies.

### Moderator :

**Dr Chandranand, PhD**

Director, IQZYME MEDTECH PVT LTD & Global Consultant  
WHO Prequalification

### Panelists :

**Shri Hasnain Bansiwala**

Director, Prahas Healthcare LLP

**Ms Sangeeta Gupta**

DGM Technical, J Mitra & Co Pvt Ltd

**Dr Ravikrishnan Elangovan**

Professor - Department of Biochemical Engineering and  
Biotechnology, IIT, Delhi

**Dr Rajeev Gautam**

Senior Corporate Officer – HORIBA, Ltd., Japan and  
President – HORIBA India

**Dr Bhaumik Dave**

General Manager – R&D, Meril Life Sciences India P Ltd

11:15 AM – 11:20 AM

Quiz

11:20 AM – 11:40 AM

### Special Address : Speaker

**Shri Praveen Kumar Mittal**

Executive Director

EPCMD – Export Promotion Council for Medical Devices

11:40 AM – 11:50 AM

Tea Break

11:50 AM – 12:00 PM

Release of White Paper by ADMI

12:00 PM – 12:20 PM

**Key Note Address :**

Topic : Building Diagnostic Resilience:  
Strengthening India's Supply Chain as a Nation Building Exercise

**Speaker :**

**Shri Hitendra Sahu**

Director - Department of Pharmaceuticals (DoP)  
Government of India

**Panel 2 - Downstream Efficiency: SMART Distribution, Traceability & Access**

12:20 PM – 01:10 PM

**Panel Discussion :**

From Factory to Field: Reinventing India's diagnostic Delivery Chain"

Topics: AI forecasting, Blockchain, Cold-chain, Warehousing, Tier-2/3 access, TAT reduction.

**Moderator :**

**Shri Bivash Chakraborty**

Public Business & Government Affairs Consultant  
BIOMÉRIEUX INDIA

**Panelists :**

**Shri Prakash Singh**

Partner | Healthcare |  
EY – Ernst & Young, India

**Dr. Indrapal Reddy Addela**

Senior President - Operations & Projects.  
Advya Chemical Pvt Ltd

**Shri Chirag Joshi**

CEO , Beacon Diagnostics Pvt. Ltd

**Shri Aditya Pal**

Product manager  
Avience Bio Medical Pvt Ltd

**Shri Vikas Nakrani**

General Manager - Quality and Regulatory  
Premier Medical Corporation Pvt Ltd

01:10 PM – 01:15 PM

**Quiz**

## Panel 3 - Ecosystem Governance: Policies, Partnerships & Quality Systems

01 15 PM – 2 05 PM

Lunch

02 10 PM – 3 10 PM

### **Panel Discussion :**

“Policies that Power Diagnostics: Catalyzing India’s Supply Chain Future”

Topics: PLI 2.0, CDSCO Modernization, clusters, academia partnerships, national supply chain grid.

### **Moderator :**

**Dr Rajiv Chibber, Ph D**

Vice President

Sahajanand Medical Technologies (SMT)

### **Panelists :**

**Shri Ajay Kumar Bhatt**

CEO - Medsource

Ozone Biomedicals Pvt. Ltd

# Where World-Class Medical Base Paper Meets Precision Silicon Coating

Advanced Coating Solutions for Medical & Surgical Tapes

## High-Quality Release Liners Optimized for Medical Applications

- ✓ Premium Medical Substrates  AHLSTROM
- ✓ Silicon-Coated Microporous Tape Base Papers
- ✓ Adhesive Wound (Band-Aid) Release Liners
- ✓ Printed Release Paper (Logo & Instructions)

## Engineered to preserve breathability, release performance, and process stability.

- Custom Coating & Release Specifications
- Advanced Silicon Coating Technology
- Tight Control on Release Values & Consistency
- Various GSMs, Colors & Thicknesses

## ABOUT US

### MarkEn: Advance Blood Bank Excellence with Precision Cold Chain Innovation

With over 25 years of pioneering experience, MarkEn is a leader in precision-engineered Blood Bank Solutions and advanced Medical Cold Chain Solutions. Our innovative and reliable technologies set the benchmark for safe storage, preservation, and seamless transfusion of lifesaving blood products.

MarkEn's commitment to quality and innovation is recognized by the Excellence in Healthcare Innovation and Technology award (Times Network India Health Summit & Awards 2025). We are India's only manufacturer with Ten flagship products rigorously tested by WHO-accredited laboratories. Notably, our Vaccine Carrier 1.44L is WHO PQS certified and listed, reflecting our dedication to world-class standards.

Our portfolio includes a comprehensive range of high-performance blood bank refrigerators, plasma freezers, platelet incubators, and advanced cold chain solutions—designed for unmatched accuracy, safety, and efficiency throughout the transfusion process.

3.1.15 Laboratory services, miscellaneous

### 3.2 Analytical Equipment

3.2.1 Chromatographs

3.2.2 Spectroscopes

3.2.3 Microscopes and imaging

3.2.4 Analytica instrumentation and systems

3.2.5 Instruments for physical and chemical analysis

### 3.3 Life sciences, Biotechnology and Diagnostics

3.3.1 Bio analysis

3.3.2 Biochemical

3.3.3 Bioinformatics

3.3.4 Equipment for biotechnology

3.3.5 Diagnostics kits

**3.4 Measuring and Testing**

3.4.1 Testing and measuring instruments

3.4.2 Quality control services

3.4.3 Material testing

3.4.4 Temperature tracking

**4 Pharmacy and Dispensary Equipment and Furniture**

4.1 Pharmaceutical products

4.2 Equipment for chemists shops, dispensaries and pharmacies

4.3 Facilities for chemists shops, dispensaries and pharmacies

**5 Rehabilitation**

5.1 Daily living aids

5.2 Household and nutrition

5.3 Physical care and hygiene

5.4 Mobility

5.5 Communication

5.6 Building and living

5.7 Safety and monitoring systems

5.8 Pedagogy, education and further training

5.9 Workplace and occupation

5.10 Physical training, physio- and ergotherapy

5.11 Orthopaedic aids

5.12 Nursing and medical care

5.13 Clothing, protective equipment

5.14 Leisure, sports and recreation

5.15 Travel

5.16 Associations, institutions, organisations

5.17 Aids for children

## 6 Components

6.1 Production / manufacturing

6.2 Materials / substance

6.3 Micro- / nanotechnology

6.4 Testing

6.5 Components for medical technology

6.6 Furniture / castor wheels

6.7 Fixtures

6.8 Fittings

6.9 Medical lighting

6.10 Software

## 7 Service Provider

7.1 Consulting services

7.2 TQM

7.3 Education / training

7.4 Specialists literature

7.5 Institutes / academies / associations / services

## 8 Hospital Infrastructure

8.1 HVAC and medical gas

8.2 OT and clean room partitions

8.3 Building materials and drywalls

8.4 Flooring, ceiling, roofing, doors

8.5 Construction and engineering

8.6 Patient safety and nurse call systems

8.7 Special paints

8.8 Catering equipment and services

- 8.9 Architecture, planners and consultants
- 8.10 Lighting / electrical fittings
- 8.11 Emergency medical care and transportation
- 8.12 Building automation systems
- 8.13 Storage solutions
- 8.14 Surgical table/OT table
- 9 Healthcare IT / Technology**
- 9.1 Telemedicine
- 9.2 3D printing
- 9.3 Wearable technology
- 9.4 Software
- 9.5 Personal healthcare technology
- 9.6 Wireless health / mobile health
